# Access *DynaMed Plus*® from the browser on your mobile device

Access *DynaMed Plus* through the browser on your phone or tablet from anywhere! Simply log in at **www.dynamed.com/login** using your personal account credentials.

Don't have a Personal Account?

- First, access *DynaMed Plus* from a hospital workstation.
- Select "Sign In/Create Account" in the upper right-hand corner of the screen.
- Provide your name, email address and specialty.
- You'll receive a time sensitive email from *DynaMed Plus* to set up your password.

Once the password is created you can log in to *DynaMed Plus* at **www.dynamed.com/login** with your email address and password from any browser, on any device from anywhere!
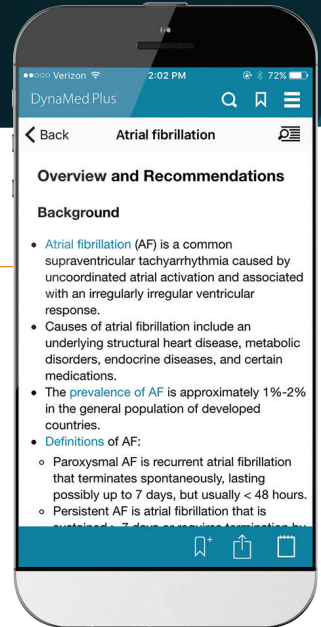

DynaMed Plus®

Download the *DynaMed Plus*® app

With the *DynaMed Plus* app you can search, browse and read content all without having to be online.

- Go to the Apple or Google Play store and search for **DynaMed Plus**
- **Download and open** the app; you'll reach a login screen
- Enter your Personal Account **username and password** (see reverse side for instructions on how to create a personal account); the content will begin downloading automatically
  - **Note:** We highly recommend being on a wireless network for the initial download of content.
- Choose to download content with or without images. You can also bookmark topics, take notes, print and email content.
