

Continuing Education MADE EASY

With *Nursing Reference Center™ Plus*, users can easily access an extensive collection of continuing education (CE) courses covering the latest topics on patient care, drug administration, skills and more.

How to find CE Modules

To find CE Modules, simply search for the topic you desire. You can limit your results to CEUs, and only content with associated CE Module will appear. Click on the “CE Module” link to launch the course.

CINAHL*education*

Welcome to CINAHL*Education*.

The CINAHL*Education* program provides nursing, social work, and allied health professionals a convenient way to obtain their certificates of completion for continuing education required by the states in which they practice or the facilities in which they work. These interactive modules allow health professionals to satisfy CE requirements online. Each module consists of course material, an interactive review, a competency test, and a module evaluation. A certificate is awarded upon satisfactory completion of the competency tests. Completion requirements are provided in each module.

If you are a **NEW** user and have not registered before, please [click here to pre-register](#).

If you are a **RETURNING** user, log in using the form below:
