Search specific fields in the records using the menus here—subject, materials and techniques, nationality of the artist, or object type for example.

The default All-Smart Search returns results ranked by the significance of the field in which your term is found.

Searching a single term or phrase? Just enter your topic in the Find box and click Start. Advanced Search lets you specify as many or as few parameters as you wish. You don’t have to fill in every line. For more precision, cross-search using the other Find boxes, specifying “and,” “or,” or “not.”

Use the Physical Description menu to find works by their assigned category.

To search related subjects, click any of the suggestions here.

Click any entry to open the full record. (See reverse.)

To narrow your search, enter a name or term in the Find box and choose “Search Within Results.”
